PRESIDENT ENJOYS TRIP UP JAMES RIVER

Views Many Interesting Landmarks of Colonial Days.

TRIP WAS STRICTLY PRIVATE.

Assistant Secretary of State Bacon Accompanied the Party.—Visits Made to Historic Colonial Houses.—Noteworthy Features of Itinerary.

Norfolk, Va., April 29.—President Roosevelt and party, after their strenous participation in the inaugural incidents of the Jamestown exposition, spent Saturday on a pleasure trip up the James river.

Rich in its historic associations, its shores lined with landmarks of the colonial days of the old dimin-ion, the James river appealed to the president for a day's quiet vacation, and he looked forward to the trip as one of the noteworthy features of his Jamestown exposition trip itinerary. The converted yacht Sylph, on which he embarked last evening after his return from the dinner given in his honor by the president of the exposition company, carried the party up the James river. The little yacht had slipped down the bay from Norfolk during the night to be in readiness for the early morning start.

The sylph headed directly up the river with Jamestown as its final destination. Much interest has been felt in the ruins at this historic spot, the first settlement for which the exposition commemorates. Here it was that the first permanent setlement of English-speaking people on he American continent was made on May 13, 1607. Then a peninsular jutting out into the James river, Jamestown, successively named Fort James, James City and Jamestown, became an island, through the washing away nearly two centuries ago of the neck which connected the body of the peninsula with the mainland.

Along the river several stops at famous colonial homes had been planned for the presidential party.

At Westover, the home of the Byrds, at Brandon, the home of the Harrisons, and said to be the site of the oldest colonial mansion in the old dominion, and at Shirley, the ancestral dwelling place of the Carters, all families notable in the record of proud Virginia lineage, visits were made. These visits, arrangements for which had been made in advance, were entirely informal.

The entire trip for the day was arranged as a strictly private affair. No newspaper men accompanied the party, and the president sought as far as possible to enjoy the day's vacation in the seclusion of his family and a few friends as their guests, among whom was Assistant Secretary of state Bacon.

The party returned late in the afternoon and were transferred to the cruiser yacht Mayflower, which was expected to leave Hampton Roads for the return trip to Washington about 8 o'clock Saturday evening. It is expected that the Mayflower will reach Washington about 10 o'clock Sunday.

Meets Death in a River.

Charlotte, N. C., April 29.—News has been received here of the drowning of Mr. Clarence McAuley, a prominent young man of near Huntersville, N. C., in the river near there Tuesday night. A negro man, fishing in the river, noticed the buggy with a drowned mule hooked to it floating down the river. Investigation showed the mule and buggy to be the property of Mr. McAuley, and later his body was taken from the river.

Officials Go to the Hague.

Tokio, April 29.—M. Tsukuri, chief secretary of the Japanese privy council and head of the Japanese legation to the second peace conference at the Hague, and his party, including Vice Admiral Shimamura, General Akeyama and H. W. Denison, adviser to the Japanese foreign office, left here Saturday morning for The Hague.

PRIEST'S PISTOL FELL.

Exploded and Sent Bullet Into Heart of Man.

San Antonio, Tex., April 29.—A special to the Express from Pueblo, Mexico, says:

A revolver falling from the pocket of Hilaro Hernandez, a priest, Friday morning, sent a bullet crashing through the heart of Young N. Joaquin Casarrapo, of this city, while the two men, in company with A. Guevara, a rich haciendo owner, were out riding in Guevara's automobile.

Guevara and the priest were immediately arrested and are held strictly incommunicado pending an investigation. The authorities took charge of the remains of Casarrapo.

The three friends had been out for an excursion into the country and were at the upper end of Hospicio street, returning to town, when the machine broke down. Casarrapo got down and stooped under the machine to repair the machinery. Guevara remained in the tonneau, but the priest followed Casarrapo. As he stepped to the ground, the weapon fell and was discharged, the bullet killing Casarrapo instantly.

INCITING RACE HATRED.

Native Indian Papers Publishing Seditious Articles.

Lahore, British India, April 29.—Rifles and twenty rounds of ball cartridges have been served out to the local volunteers in consequence of signs of marked unrest among the Hindoo student elements.

The publication of inflammatory, and seditious aricles in the native newspapers, inciting race hatred against the Europeans and demanding native control of the government of India by means of an elected parliament, has been followed recently by riots at Lahore and elsewhere in the Punjab, and by attacks on Europeans.

Professional and political agitators are now fomenting strikes on the railroads, and the government has concluded that it is time to suppress the rioting by forceful means, if necessary.

The authoritaties are satisfied that a determined front will speedily end the outward signs of disaffection, especially as they have the unanimous support of the great Mohammedon population which at numerous mass meetings have emphatically condemned the anti-European movement.

ENDED LIFE ON OCEAN.

Prominent Railroader Suicides on an Atlantic Liner.

New York, April 29.—David Willcox, vice president of the Delaware and Hudson Railway company, committed suicide at sea last week, while a passenger on the North German-Lloyd steamer Barbarossa, according to a report made to Health Officer Doty, by Captain Langrenter.

Upon the arrival of the liner, it was reported that Mr. Willcox had died of heart failure. As he had been known to be in ill-health and had gone abroad recently in the hope of recuperating, this version was no great surprise to his friends.

Subsequent investigation, according to the captain, developed evidence that Mr. Wilcox had shot himself. In reporting to Mr. Doty, the captain said that he had only a few moments before been made aware of the real cause of death.

Outrage by Highwayman.

Pittsburg, Pa., April 29.—Frank Driska, an employe of the Pressed Steel Car company, who was run down by a locomotive Friday night died Saturday. Before his death Driska said he had been waylaid and robbed by three negro highwaymen who afterwards beat him into insensibility and then placed him on the track. The police have no clew to the assailants.

Large Gold Shipment.

London, April 29.—The British steamer Armsdale Castle which arrived at Southhampton Saturday from Capetown, landed $5,503,250 in Cape gold, the largest consignment ever brought in a single shipment to England. The gold was transferred to London.

EXPLODING BOILER HURLS MEN TO DEATH

Burst as Freight Engine Was Making Rapid Run.

LIST OF DEAD AND INJURED

Fatal Accident on the Wabash Railroad Near O'Fallon, Mo.—Cause of the Accident Has Not Yet Been Determined.

O'Fallon, Mo., April 29.—While a freight engine of the Wabash railroad, drawing a caboose, was running rapidly near here Saturday, the boiler of the engine exploded, killing three trainmen, and injuring two others.

The dead:

Engineer Paul Klinard.

Fireman Frank Appleby.

Brakeman George E. Brown.

All three were from Moberly, Mo.

Those who were injured are:

Conductor McNichols, of Desser, seriously injured. Brakeman, name not learned.

Sections of the engine demolished the caboose and killed Brakeman Brown.

The cause of the explosion has not been determined. Pieces of the engine and tender were blown 150 feet from the track.

DANGER IN AMERICAN "RUSH."

Shallowness, Passion for Material Comfort, Etc., Sins of the U. S.

Chicago, April 29.—Shallowness, passion for material comfort, and "a lackadaisical, easy growing disregard of law," according to Henry Churchill King, president of the Oberlin college, are the besetting sins of the American people. President King's diagnosis of the American's case was made Friday night in an address before the Illinois Oberlin Alumni association at its annual dinner here.

"We are in real danger from the American rush," he said. "We pride ourselves on living fast, and we do. But the nation that lives too fast to think, is lost. It is curious that in this age of science, in which the reign of law is supreme, there should be so utter a disregard for law in moral and spiritual affairs. In our reaction from Puritanism, we seem to have fallen into a lackadaisical, easy going point of view as if somehow or other, we expected to escape the law whenever we so desire. I tell you, we are in danger of waking with ringing in our ears the awful mockery of those words, 'Thou Fool!' I have no doubt that the American people are wrongly interpreted when they are classed as mere money grabbers, and yet the fact of our immense increase in wealth, the danger of the stupefying, deadening effect of our passion for material comfort, no man can deny. Our personal and our national ideals—we had them once—are in danger.

Big Advance in Wages.

Fall River, Mass., April 29.—Unless unexpected developments occur, more than 30,000 cotton mill operatives in this city will have their wages advanced on May 27 when the working agreement in force between the textile council and the Fall River Manufacturers' association expires. It is the general opinion that the advance will be 10 per vent above the present rate and will affect all classes of operatives.

Cases Called for May 7.

Lexington, Ky., April 29.—The cases of James Elbert and Alex Hargis, Edward Collahan and Jesse Spicer, all charged with the murder of James Cochrill, of Jackson, Breathitt county, during the feud troubles there on July 23., 1902, will be called here May 7, according to a statement made here Saturday.

Chilean Volcanoes Active.

Lima, Peru, April 29.—News is received from Puerto Mont, a set port in the extreme south of Chile, that the volcanoes of Calbuco and Huque are in a state of eruption.

NO POLITICAL SPEECHES.

What Secretary of War Taft Says of Western Trip.

Cincinnati, April 29.—Secretary of War Taft, who is to make several public addresses in this city, and one in Dayton, O., within the next few days, arrived Saturday. He declined to discuss political questions in any way, and declared that he will not have, during his western trip, anything whatever to say upon the presidential question.

"The engagements which I have come to fill," he said, "were made long ago, and politics has never entered into them. I shall have nothing whatever to say of a political character."

There was a decided demonstartion when the secretary entered the Sinton hotel three hours later to attend the convention of the Associated Western Yale clubs, of which he is president. It has only been with great difficulty that the Yale men were prevented from coming down to the depot to greet the secretary enmasse, it being feared that they would by their demonstration give his arrival a political aspect. Their effervescence, however, lost no force by the temporary bottling, and the secretary when he entered the hotel, was given a reception as fervent as it was vociferous.

At 1 o'clock in company with the other Yale men, the secretary was a guest at the buffet luncheon at the University club Saturday night.

REUF TRIAL POSTPONED.

Grand Jury Has Delved Further Into Slot Machines and Theater Graft.

San Francisco, April 29—The trial of Abraham Ruef, on the charge of extortion, has been postponed until Monday, when the examination of a new jury venire will continue.

Five jurors were passed Friday, subject to peremptory challenge, and only six names now remain in the box out of the 75 men summoned on the last venire.

The grand jury Friday delved further into the slot machine and theater graft. But two witnesses were examined—Tax Collector Nichols and President George Duffy, of the board of public works.

The end sought by the inquisitorial body was the determination of the amount of money alleged to have been collected by Ruef, Mayor Schmitz and Mr. Deneen and their agents.

The Home Telephone company case has not yet been completed by the graft prosecutors.

Two Serious Fires at Luverne.

Luverne, Ala., April 29.—This town was visited by another fire on Thursday night, which wiped out much of what was left by the blaze two weeks ago. Nine buildings and the lodge rooms of the town were wiped out, the loss being about $20,000. There is partial insurance, but just how much cannot be determined. The loss at the fire two weeks ago was $30,000.

First Race Meeting Begins.

Leington, Ky., April 29.—The first race meeting under the auspices of the New Kentucky Racing association began on the running track here Saturday afternoon. A total of $14,600 is offered in purses during the second-day meeting, averaging $400 to the race.

Georgian Robbed at Jamestown.

Norfolk, Va., April 29.—Returns from the operations of pickpockets during the opening day of the Jamestown exposition are being received by the police. There are many cases, of course, which will never be brought to the attention of the authorities.

Appointed Probate Judge.

Montgomery, Ala., April 29.—J. B. Ward, at present the agent to assemble the Alabama exhibit at the Jamestown exposition, has been appointed probate judge of Henry county. A new agent will be named.

150,000 Ounces of Silver Shipped.

Washington, April 29—The director of the mint Saturday purchased 150,000 ounces of silver for delivery at Philadelphia at 66,144 cents per fine ounce.

FRUIT GROWERS TO BE INVITED

Effort Will be Made to Get Horticultural Society Here

IN NEXT ANNUAL SESSION

The State Society Will Convene in St. Petersburg in May, and Good Delegation Representing Local Society Will Attend the Meeting.

An effort will be made to bring another State convention to Gainesville next year, and a convention of one of the most important associations in the State, the State Horticultural Society.

This society, of which Prof. P. H. Rolfs, director of the Florida Experimental Farm in this city, is president, will hold its State convention this year in St. Petersburg. The session will last for three days, May 14th to 17th, and will no doubt be largely attended. H. S. Graves, Dr. T. F. Thomas, W. N. Wilson, Ferdinand Bayer and others will represent the local society, and will extend to the State society, in behalf of the Gainesville society and the people of Gainesville, a cordial invitation to meet with us in 1908.

The Gainesville society, through the efforts of Mr. Graves and others, has grown wonderfully within the past year or two. Its membership now reaches sixty-eight, and is increasing regularly. It is composed of the best and most progressive class, the personnel being men of integrity and influence.

Mr. Graves states the society has not held a State meeting in the interior for the past ten years, the last being the Ocala meeting, and those societies in the interior feel that they are entitled to some consideration.

A Birthday Party.

One of the latest social events of South Gainesville was a birthday party given at the home of Mrs. Richardson, South Pearl street, April 28, in honor of her daughter, Miss Willie Richardson.

It was greatly enjoyed by those who were present.

For amusement there were games of all kinds, music, etc., followed by delicious refreshments.

Miss Richardson is one of the most charming young ladies of South Gainesville. She did not tell her age, but it is generally known by her social friends. GUEST.

A RELIABLE SPRING MEDICINE

At this season of the year there is hardly a man, woman or child in Gainesville who does not need a medicine to purify and enrich the blood, to induce an appetite, to promote digestion and create strength, and we are safe in saying we have never sold anything in our store equal to Vinol for this purpose.

This new way of administering the medicinal properties of cod liver oil has wrought a wonderful change in the field of medicine. There is no need to take greasy cod liver oil, emulsions or drugs to purify and enrich the blood and create health and strength, for we guarantee that pure, simple and delicious cod liver and iron preparation, Vinol will do it, or your money will be returned.

Mrs. Rose Lavinge of Burlington, Vt., writes: "Vinol is the best spring medicine I have ever used; it creates an appetite, purifies the blood and takes away all feeling of lassitude."

Said Mr. W. M. Johnson, our local druggist: "We could go on quoting from hundreds of such letters, but simply ask the people of Gainesville to try Vinol this spring on our guarantee to return money if they are not benefited."—W. M. Johnson, Druggist.

Note—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

KIRBY SMITH CHAPTER.

Delegates Who Will Represent Chapter at the State Convention.

The following delegates who will represent Kirby Smith Chapter, U. D. C., at the State convention in Jaksonville, expect to leave today.

The delegates who will go are Mesdames H. H. McCreary and Evans Haile, who will be guests of Mrs. M. C. Drysdale; Mesdames A. B. Oliver and F. M. Prewitt, with Mrs. C. B. Rogers; Mrs. J. B. Cutler, with Mrs. J. P. Taliaferro; Mrs. Archie Jackson, with relatives.

It is to be regretted that Mrs. J. M. Haile, president, will be prevented from attending; also Mrs. John Chesnut, who is detained on account of illness.

Miss Irene McCreary, who has been visiting Miss Margaret Jackson in Paragould, Ark., and who was honored by selection as herald, will join her mother in Jacksonville today, and on Saturday will proceed with Mrs. McCreary to Tallahassee.

An Omission.

The Sun in its Sunday issue contained a notice of the annual meeting of Lew Wallace Post, G. A. R., together with a list of officers elected for the ensuing term.

In the rush of the moment, the hour of closing the forms having arrived, in some manner the name of Col. A. P. Morrow, one of the oldest and most influential members of the post, was omitted. Col. Morrow was honored by the election of senior vice-commander, while Benjamin Knafzga of Paradise was elected junior vice-commander.

The Christian Church.

Work on the new Christian church, East Liberty street, is progressing nicely, and the cogregation hopes to occupy same within the next thirty days or six weeks.

While the edifice will not be large, it will be ample to accommodate the Christian congregation for some time. It will be a comfortable and modern building.

The Union Picnic.

Owing to the inability to secure a satisfactory tariff, the committee of the four churches who intended to hold the union Sunday school picnic at Worthington Springs on next Friday, announces that the same has been postponed until a suitable place can be selected, which the committee hopes to secure at an early date.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

TO U. D. C. CONVENTION.

Delegates of J. J. Finley Chapter Will Leave This Afternoon.

The following delegates from J. J. Finley Chapter, U. D. C., expect to leave for Jacksonville today, where they will attend the State convention of the order.

Mesdames J. M. Taylor, J. W. Tench, W. B. Taylor, J. L. Kelley. The alternates are Mesdames S. R. Brown, W. S. McDowall, J. D. Stringfellow, A. R. Harper, C. A. Colclough.

Kincaid—Newbern.

There was a quiet but happy marriage at the residence of Mrs. W. C. Newbern Sunday evening at 6:30, when Mr. Ray Hamilton Kincaid of Live Oak was married to Miss Letitia Newbern of this city.

Rev. James Lee of the Advent church officiated, only the immediate friends being present. Miss Newbern was virtually reared in Gainesville, and is a charming young lady, while Mr. Kincaid is a promising young man of Live Oak.

Mr. and Mrs. Kincaid left on the noon train Monday for Live Oak, where they will make their future home. Their many friends wish for them a long and happy life.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Often The Kidneys Are Weakened by Over-Work

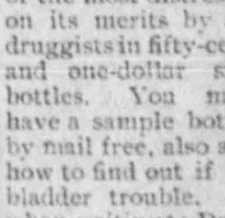
Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.



The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

RICH DEPOSITS OF PHOSPHATE FOUND

Immense Beds, Almost Inexhaustible, Around Newnansville.

DISCOVERY WAS ACCIDENTAL

Phosphate Expert and Explorer Walking Through Estate Noted Indications and Began Search With Most Gratifying Results.

There is a cloud hanging over the village of old Newnansville, near Alachua, which, like the Sleepy Hollow we read about in the story and episodes of Rip Van Winkle, has remained comparatively dormant for these many years.

But this is not a dark cloud by any means. To the reverse, it is a cloud with a silver lining, which, if matters turn out as they now indicate, will be turned to a golden hue in a very short time. The people of this quiet settlement can notice already of the changing tints from silver to gold.

Discovery of Phosphate.

Phosphate has been discovered in and around Newnansville, and the opinion of an expert, who happened to make the discovery, is that the supply is almost inexhaustible, judging from his soundings. This expert believes, also, in fact he is sure, that the deposits will run on an average of 68 per cent mineral phosphate.

Several days ago this expert, who has been in ill health and has been under medical treatment at Alachua, was walking through the property of J. J. Holder. He noticed from the surface of the ground that the soil was highly indicative of phosphate deposits and began an informal investigation during which he unearthed a few inches from the surface immense sharks' teeth, bones, etc. He notified the owner of his discovery, and was instructed to proceed with the work of exploration in a proper manner. The result was that he "sounded" the property in several places, going at random, when he discovered large and almost inexhaustible deposits, in some places coming within a foot of the surface. The deepest a shaft has been sunk so far is eight feet, which did not finish the vein.

This expert, in company with Mr. Holder and J. N. Guinn, both of Newnansville, came to the city Monday, bringing a half-bushel of the deposit to Dr. H. Strong, the chemist, for analysis. They also brought some of the pebbles, a shark's tooth and the tooth of some animal which had been unearthed, to The Sun office, where it is on display.

Deposits Are Liberal.

The expert, who requests his name withheld at this time, states that the formation of the land is hilly. On the hills is to be found the rock, while in the valley there appears to be vast deposits of pebble phosphate. "There's no use talking," remarked the expert, "I have been employed as a phosphate expert for twenty years, and I know it like a school-boy knows his letters. There's phosphate there that beat the band, and a fortune awaits those who own the land."

Indications are that there are rich deposits on the properties of the Southern Pecan Company, Dr. R. A. Powell, S. T. Prescott, W. T. Rives, Mr. Bellflower and J. N. Guinn, in addition to the land of Mr. Holder, making a total acreage of 183. Other property in the vicinity is no doubt rich in the mineral.

Lands Go Skyward.

In speaking of the discovery, T. P. Bernard, a well-known business man of Alachua, stated that the price of land has already advanced enormously. He states that lands which sold a few weeks ago for $12.50 per acre could not be purchased today for $25 per acre—in fact, some owners have refused that price recently.

The discovery of phosphate in this section will mean a big thing, as it means the erection of mining plants and the employment of hundreds of men.

New Land Clerk.

WARREN—JOHNSTON.

Marriage of Two Popular Young People in Apalachicola Wednesday.

The following from The Apalachicola Times of the 27th inst., by a correspondent of that paper, will prove of interest to readers of The Sun, as Mr. Warren is the popular receiver of the United States land office, and himself and bride will make their home here:

"Wednesday morning at 6 o'clock Miss Vera Johnston and Mr. Shields Warren were united in the holy bonds of matrimony. Despite the early morning hour, the church was crowded with the many friends of these popular young people.

"The church was beautifully decorated by loving hands with our own palmetto and ferns. Even nature seemed awakened to especial interest, for just before the strains of the wedding march began the glow of the early morning sun flooded the chancel with mellow tints of pink and gold, making a beautiful background for the bridal party who came in as follows: Miss May Moore with Mr. Herbert Johnston, Miss Genie Moore with Mr. Mack Parlin. Miss Sadie Patton, as maid of honor, came in alone. The bride was accompanied by her father and was met at the alter by the groom and his best man, Mr. Farley Warren. The ushers were Mr. T. J. Moore and Mr. J. H. Cook. Mrs. Wefing and Mr. Murat played very softly, "Hearts and Flowers," while Rev. M. H. Norton pronounced the words which made Mr. Shields Warren and Miss Vera Johnston man and wife.

"Seldom do we see such a beautiful wedding. The bride was lovely in a going-away gown of blue radium silk and hat to correspond, covered with dainty pink and blue flowers. Her bouquet was of white roses tied with white tulle. The pretty young bridesmaids all wore white lawn dresses and white hats and carried bouquets of blush pink roses tied with pink tulle.

"Immediately after the ceremony they drove to the Crescent City's dock, accompanied by a host of friends who went prepared with bags full of rice and hearts full of good wishes.

Mr. and Mrs. Warren left for the Jamestown Exposition, Washington, D. C., and New York, and will be at home to their friends in Gainesville, after May 10th.

"Miss Johnston is one of Apalachicola's most charming young ladies, who by her modest demeanor and many lovely traits of character has won the love and admiration of all who knew her. Her father has been Mayor of our city for about eighteen years with the exception of an interim of two years, and has been prominently identified with every movement for the good of Apalachicola. His paper has been a veritable trumpet for 'Greater Apalachicola.'

"Mr. Warren is an exceptionally bright and promising young man, holding a responsible position in the U. S. land office at Gainesville, but we still claim him as one of our young men, as he has grown to manhood among us, and has by his exemplary life won hosts of friends, who wish for him and his bride the choicest blessings of life's journey.

"Many beautiful gifts attested the esteem of the community for this popular young couple, and I wish to mention in particular the handsome silver tea-service presented by the Franklin Guards, of which company Mr. Warren has been a member since he left school. A beautiful cut glass water bottle and tumblers and a silver water set with salver from Dr. J. H. Alderman and the Land Office at Gainesville.

"The only regret expressed concerning this marriage is that we will loose two young people of sterling worth and a community always hates to part with promising young people whom they have watched bloom into successful manhood and womanhood. We congratulate Gainesville that our loss will be her gain."

Mr. and Mrs. Warren expect to arrive in the city about May 10, and they will be welcome by a host of friends, all of whom extend congratulations and best wishes for a long and happy married life.

BRONCHIAL COUGHS.

Breath Hyomei's Healing Air and All Irritation Will Be Quickly Cured.

The most irritating and annoying form of cough is that termed bronchial. People subject to bronchial troubles whenever there is a change in the weather or they are exposed to a draft will "catch" a bronchial cough, which is very disagreeable, irritating and annoying.

Bronchial troubles cannot be cured by stomach dosing. The medicated air of Hy-o-mei is the only treatment that reaches the affected parts and gives relief and cure. It destroyes all the disease germs that are present in the nose, throat and lungs, soothes and relieves the irritated mucous membrane in all parts of the bronchial tubes and quickly overcomes the irritation.

Bronchitis is really an inflammation of the mucous membrane lining the air passage and is purely a local disease, so that it needs a local treatment like that afforded by Hy-o-mei.

If there is any doubt in your mind as to the power of Hy-o-mei to cure bronchial troubles so that the system will resist coughs and colds, the unusual way in which it is sold by J. W. McCollum should dispel that doubt. He agrees to refund the money to any purchaser of Hy-o-mei who is not perfectly satisfied with the result following the use of the remedy. He takes all the risk and if the remedy does not help you it does not cost a penny, while if it cures, the expense is nominal, for a complete Hy-o-mei outfit is sold at only $1.00.

Statistician Prime Dead.

Chicago, April 29.—S. T. K. Prime, 75 years old, who for twenty-five years was stationed at Dwight, Ill., gathering statistics on crops, died Friday night in the Chicago Home for Incurables. He was stricken with paralysis two years ago. "Mr. Prime's Crop Report", made the publisher known throughout the country. Farmers regarded his figures and opinions as infallible. Even after the government broadened out its field on this work, Mr. Prime was, by many, considered an authority where views of experts conflicted.

It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Non-alcoholic Sarsaparilla

If you think you need a tonic, ask your doctor. If you think you need something for your blood, ask your doctor. If you think you would like to try Ayer's non-alcoholic Sarsaparilla, ask your doctor.

S.S.S. NATURE'S TONIC

Every one should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from the inactive, indoor life and from the heavy, rich foods of the Winter season. The blood, being in this unnatural and disordered condition, is unable to furnish the body with the increased amount of nourishment necessary for the more energetic life of Spring and Summer, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood-circulation. When the system is in this run-down and disordered condition it is not safe to take unknown concoctions, sarsaparillas, compounds, etc., because they usually contain potash or some other equally strong and harmful mineral ingredient, which acts unfavorably and often dangerously on the depleted, weakened system at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. S. S. S. is appropriately called Nature's tonic. It is made entirely of roots, herbs and barks from the great storehouse of forest and field, selected for their purifying and health-restoring qualities, and as it does not contain the slightest trace of mineral in any form it is perfectly safe for young or old. S. S. S. acts directly on the blood, ridding it of all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is able to supply the system with the healthful, invigorating energy needed to pass the trying season of the year. Its action is the most pleasant, prompt and satisfactory of all tonics, and those who feel the need of such a medicine will do well to commence the use of S. S. S. at once. S. S. S. restores lost energy, relieves the tired, worn-out feeling, helps the appetite, aids digestion, and adds tone and vigor to the system. THE SWIFT SPECIFIC CO., ATLANTA, GA.

UNIVERSITY NOTES.

Happenings of Interest at This Institution During Week.

The conversation at the German table in the mess hall has improved noticeably during the past month. The students can now discuss in German almost any subject of conversation that may arise. The presence at the table of Dr. and Mrs. Berger, both of whom are of German decent, of Drs. Benton, Crow and Flinn, all of whom have spent several years in Germany, and of Herr Hess, who has but recently arrived from Stuttgart, has added much to the interest of the students. This German table is proving a valuable adjunct to the Department of Modern Languages.

On Saturday, May 4th, will be held the second of the series of contests being arranged by the committee on athletics. The event will be mainly of a military and aquatic nature. The contestants are practicing earnestly. At the swimming pool may be seen every afternoon a score of men practicing for the diving and swimming matches, and at the target range the crack of the pistol and of the rifle is heard incessantly during the hours free from college duties. The privates in the corps of cadets are all eager to win a prize in the drilling contests, among which the "wall scaling" will perhaps prove most interesting to the spectators.

The College Battalion took part in the Confederate Memorial exercises held in Gainesville on the afternoon of April 26th, and marched into town in strictly military formation.

Dr. Flint has taken one of his classes in Chemistry to Jacksonville. While there they will, at the invitation of the managers, have an opportunity of examining the various plants which illustrate modern methods and appliances in industrial chemistry.

Among the recent lectures before the students in the Department of Education which have proved particularly interesting were those by Dr. Flint on "The Chemistry of Digestion," and by the Honorable Horatio Davis, on "The Judicial System of the United States."

Dr. Sledd left Gainesville on the 25th to deliver an address to the graduating class of the Brooksville high school.

The following is the program of the Commencement exercises, including a list of the speakers as far as they have been definitely selected:

Saturday, May 25, 8 p. m.—Debate—Dixie Literary Society.

Sunday, May 26, 10:30 a. m.—Baccalaureate Sermon by Rev. S. Y. Jameson, president Mercer University.

Sunday, 8 p. m.—Sermon before the Y. M. C. A.

Monday, May 27, 10 a. m.—Declamation contest.

Monday, May 27, 8 p. m.—Oratorical exercises.

Tuesday, May 28, 10 a. m.—Graduating exercises.

Opening Prayer.

Salutatory—Mrs. A. R. Nielson.

Baccalaureate Address.—President Sledd.

Conferring of Degrees, Medals and Prizes.

Valedictory—Mr. M. L. Moreman.

ECZEMA VERY BAD FOR THREE YEARS

Consulted Physicians to No Avail—Uses Cuticura Soap, Ointment and Pills and Is Soon Perfectly well—The Disease Having Left Her Entirely.

CANNOT RECOMMEND CUTICURA TOO HIGHLY

"I take great pleasure in informing you that I was a sufferer of eczema in a very bad form for the past three years. I consulted and treated with a number of physicians in Chicago, but to no avail. I commenced using the Cuticura Remedies, consisting of Cuticura Soap, Ointment and Pills, three months ago, and today I am perfectly well, the disease having left me entirely. I cannot recommend the Cuticura Remedies too highly to any one suffering with the disease that I have had. Mrs. Florence E. Atwood, 18 Crilly Place, Chicago, Ill., October 2, 1905. Witness: L. S. Berger."

FOR WOMAN'S EYE

Much of Interest to Every Woman Is Found in Cuticura Pamphlet.

Complete local and constitutional treatment for distressing, debilitating conditions from which women suffer may be found on page 5 of the Cuticura Pamphlet wrapped about the Cuticura Ointment.

The pure, sweet, gentle, yet effective properties of the Cuticura Soap, Ointment and Pills, commend them to women, especially mothers, for preserving, purifying and beautifying the skin, scalp, hair and hands, for the treatment of inflammatory and ulcerative conditions, as well as most efficacious medicinal agents in restoring to health, strength and beauty pale, weak, nervous, prematurely faded, run-down women.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

Taking Advantage of New Law.

Montgomery, Ala., April 29.—The country districts of the state are waking up to the advantage of the aid that may be had for rural school houses from the state treasury, and are sending in applications for the money, the county of Randolph, with four, being the first in. Coffee has also been heard from, and reports from the county boards indicate that there are many demands that have not yet been sent to the state superintendent of education, who must make final approval.

Released on Ball.

San Francisco, April 29—The only development Friday in the charges made by President D. H. McCarthy, of the building trades council against members of the electrical workers' union No. 6, of alleged conspiracy to abduct him, was the release on bail of M. H. Carmody and Harry Sullivan, the two men arrested Thursday night. Carmody was released on a $1,000 bond and Sullivan on $600. The police have not found any of the other men accused by McCarthy.

MISS THOMAS DEAD.

Well Known Young Woman Passes Away at Apalachicola Sunday.

A telegram was received in this city Sunday night announcing the death of Miss Lillian Maud, daughter of Mr. and Mrs. C. A. W. Thomas, which occurred in Apalachicola during Sunday, after a brief illness of Bright's disease.

Deceased was well known in this city and county, where she was born and reared. She was a young lady of fine intelligence, and her ambition in youth was to master the profession of teaching. She reached the point of her ambition, having been appointed a teacher. She conducted schools throughout the country for several years until failing health compelled her to retire from that vocation. As a teacher she was always a success, and was very popular among both patrons and pupils, all of whom regretted the necessity of her relinquishing her profession.

Deceased was a member of the Baptist Church, and a regular attendant at all services as long as her health would permit. At the time of her death she was in her thirty-first year. She is survived by her parents, two brothers, R. A. and Neill H. Thomas of Palatka, and two sisters, Mrs. M. L. Thompson of Romeo and Miss Ida May Thomas, who resides with her parents in this city.

The sympathy of the community is extended to the family in this hour of bereavement.

The funeral arrangements have not yet been made, but it was the expressed desire of deceased before her death that her remains be interred at the family burying ground in Windsor, and Mr. Thomas feels that this wish should be carried out. Announcement will be made tomorrow.

Violent Appeals Are Made.

Paris, April 29.—Violent appeals to the military to refuse to act against strikers, and the laboring classes, which have recently been placarded in Paris, and the provincial towns, have been enforced by the determination of the government to prosecute their authors. The police have arrested seven of the twenty-one signers of the appeals. The prisoners include the secretary of the union of Seine unions.

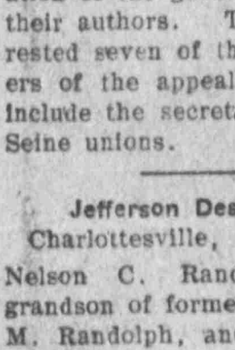
Jefferson Descendant Dies.

Charlottesville, Va., April 29.—Dr. Nelson C. Randolph, aged 73, a grandson of former Governor Thomas M. Randolph, and a great-grandson of Thomas Jefferson, died here Friday. For seventeen years he was a member of the board of visitors of the university of Virginia, and for eight years rector of that institution.

SHORT TALKS BY L. T. COOPER.

"HOW TO KEEP HEALTHY."

"I am not a believer in too much medicine. Don't take medicine all the time. Get a good tonic and take it until the old vitality returns then stop. A general tonic and system renovator should be taken in the spring and fall. For this purpose there is nothing better on earth than Cooper's New Discovery, but I advise no one to take this medicine or any other all year long. Give nature a chance. Establish regularity in movement of the bowels. Drink plenty of water but not at meal time. Chew your food very carefully and eat slowly. Sleep with the window open, don't be afraid of fresh air and do not eat a great deal of grease. Be regular at meals. Go to bed and get up at the same hour each day if possible. Take a bottle of Cooper's New Discovery twice a year and your life should be long and healthy.



MISS MIDDLETON.

Here is what Cooper's New Discovery does for run-down people who need a tonic:

"I have been sick for a number of years with stomach trouble and also from backaches and headaches. Sometimes I became so weak I could not stand on my feet. My food did not seem to nourish me and I could not gain strength. I felt tired to death all the time. Nothing I took helped me, and hearing so much of the Cooper medicines I decided to try them."

"I have taken two bottles of Cooper's New Discovery with the most remarkable results. I now feel entirely well. My appetite is fine, I sleep well, have no more headaches and am quite strong again. I cannot express my thanks for what these medicines have done." Sallie Middleton, 1957 Central Avenue, Cincinnati, Ohio.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

LARGE SUIT SETTLED.

Half Million Dollars Paid Paine, Webster & Co.

Boston, April 29.—The $3,000,000 suit in equity brought by Paine, Webster & Co., against Albert C. Burrage, Thomas W. Lawson and others to recover on a contract involving 70,000 shares of stock in the Cooper Range Consolidated Mining company, was brought to a settlement on Friday.

Regarding the settlement of the suit William A. Paine made the following statement:

"The case was settled by A. C. Burrage paying substantially the Tri-Mountain debt."

The amount of this deft was $540,000.

GENTLE SPRING.

It is within the range of possibility that a connection may after a while be drawn between what some people call "Spring fever" (meaning thereby that sensation of nothing wrong in particular, but that all is not just right) and that every prevalent malady, dyspepsia. At any rate, physicians who have used a prescription composed of ¼ oz. Fluid Extract of Buchu, 1 oz. Bulso Mixture, ¼ oz. Fluid Extract Gentian Compound and 15 ozs. water in treating dyspepsia have found that the medicine is not only wonderfully efficient in dyspepsia cases, but that it is also admirable "Spring tonic," and exactly what many people need at this season of the year. Most successful results are said to follow the use of the preparation in doses of a tablespoonful administered three times a day. The prescription, which any good pharmacist can put up, contains nothing in the least degree harmful and would seem to be well worth a trial.

Gainesville and Alachua County Hospital Association.

A special meeting of the Gainesville and Alachua County Hospital Association is called for Tuesday, April 30th, 1907, at the office of W. W. Hampton, at 8 p. m. This meeting is called for the purpose of electing a president, and chairman of the board of trustees, and of the executive committee of said Association. A full attendance of the members is requested.

It looks now as though Wall Street were indulging in an anti-Harriman conspiracy.

Has it ever occurred to anyone to speculate as to whether Secretary Taft might like the second place on the ticket in 1908?

Seven more trusts have been organized in Germany. If this thing keeps up, the Kaiser will be scenting business conspiracies against him.

Oklahoma has painfully built up another constitution and is now standing by to see whether anyone is going to kick the foundation from under it.

Mark Twain can now give Mr. Carnegie the laugh. He remains still the only prominent man who has not been decorated by the French Legion of Honor.

The Bradentown Board of Trade has recommended that the city council have the town charter amended authorizing the assessment of one mill for advertising the town.

The mental condition of Mrs. Eddy ought to be examined. If the alienists get into the game both parties to the suit are likely to find her fortune seriously depleted before they handle any of it.

Great Britain thought that insult to the American flag down in South America was very innocent and funny when it developed that it was the British and not the American flag that was insulted.

After listening to Speaker Cannon, Secretary Taft and a few other official orators, the advocates of Porto Rican autonomy must feel that the climate of the island is decidedly favorable to prison culture.

The bright and sparkling Gainesville Sun will doubtless shine brighter than ever soon, for Editor McCreary has added a Mergenthaler linotype machine to the office equipment.—St. Petersburg Times.

Editor S. W. Johnston's Apalachicola Times with its last issue turned the twenty-second milestone of its usefulness to that city and section. Editor Johnston is a pioneer, and has given his patrons one of the best weekly newspapers in Florida.

The St. Petersburg Times and Sub-Tropical Sun, since their consolidation, are getting out an excellent sheet, which is a credit to that hustling city on Tampa Bay. Brothers Straub and Pound are a whole team, and it is no wonder their efforts are appreciated by the good people of St. Petersburg, as is demonstrated by the advertising columns.

A rough rider has superseded Herbert J. Hageman as Governor of New Mexico, as he was opposed to the political machine headed by "Bull" Andrews. This would seem to be rather a rough deal the President has handed out to the people of New Mexico, for "Bull" Andrews was one of the original spokes in the old Quay machine in Pennsylvania.

THE SALARY GRAB.

When the increase of the salaries of Congressmen from $5,000 to $7,500 was voted upon in the House of Representatives last winter the proposition was defeated by 188 nays to 106 yeas, and yet the increase was eventually agreed to through the connivance of the Republican speaker and Republican majority. This was accomplished by refusing to second the demand for a roll call when there was another opportunity to press the increase proposition, so it was adopted without putting the members on record who favored or opposed it. The vote on the Legislative appropriation bill in December last is therefore the only test of how the members voted. The Senate was more open and above board and a roll call disclosed 21 Senators voting against the increase and fifty-three for it.

It was expected that when this fifty per cent increase in salary was voted that the 20-cent mileage for each mile traveled going to and returning from each session of Congress would be modified to the actual expense of the trip. This graft, however, is still collected and amounts to $1,300 for the members from the Pacific States and others in proportion to the distance traveled, which is all out of reason with the actual expenses, which do not exceed twenty per cent of the amount paid by the Government.

After July 1 Congressmen will receive $125 a month as the salary for their clerks and as many members do not employ any regular clerks, to such this amount can be mostly added to their salaries. There are, however, some members who employ two clerks and expend more for clerk hire than they receive. There is also another perquisite of Congressional office of $125 per annum for stationery which is rarely expended, as the official letter-heads and envelopes furnished free to each member of a committee and the franking privilege cover most of such expense. Then the Government furnishes the large Manila envelopes that are used for mailing speeches and does the work of enclosing and sealing them free of charge, the members only paying for printing the speeches.

Some members of Congress have been known to save all their salaries, and W. F. Tyndall, who was retired at the last election as the member from the Fourteenth District of Missouri, boasted before leaving Washington, that he had saved his entire salary of $10,000. He acted as his own clerk and was enabled to live in Washington on the money which he drew under his clerk-hire and stationery allowances.

The National Publicity Law and Organization demands that the books of the last campaign be opened to public scrutiny. What's the good! We all know the Republicans took all the campaign funds they could lay their hands on, not only from Harriman and other Wall Street magnates, but from the trust funds that should have been scared to the widows and orphans of policy holders. What is needed is restitution and a law to prevent them from using similar corruption funds in the future.

It's a pretty tough proposition for the Democrats to have to start into the coming campaign with the Republicans having already a $5,000,000 corruption fund, according to President Roosevelt and he should know. No wonder the Republican politicians don't want to pass a publicity law for it would cut off those Wall Street campaign contributions.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. "There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

THE JUNE DESIGNER.

We note with interest the appearance in The June Designer of stories by Anne O'Hagan, and Isabel Gordon Curtis, while the continued sketch, "Economy Farm," by Miles Bradford, the author of "Carlotta and I," still amuses and instructs the young farmer, and interests all who know either more or less than he about farming.

But The Designer never forgets its purpose of being a magazine of practical use about the house both for the women and men of the family. It makes no strain after either facts or fiction aimed to startle its readers, but with conservative enterprise, constantly offers articles of every-day use in running the present condition of both.

Many of the summer frocks pictured and described are graceful and pretty beyond the average. The "Graduation Gowns" are seasonable and have the unusual quality of being simple as well as pretty.

Mary Kilsyth, a regular contributor to The Designer, has a timely article on the "Verandas of the Day." It helps in a very good work—that of making people who have country houses realize how much comfort and room they are doing without when they have no adequate verandas to step out upon.

The Designer for June has endless suggestions that one might begin by using today.

Henry Watterson understands "that Mr. Roosevelt said last winter to a group of journalists that if the Republican National Convention met and nominated him and adjourned, it would have to reconvene." That should settle the third-term trouble without any more controversy.

NEW REGIME PLANNED.

Believed That Another Revolution Is Imminent in Guatemala.

Mexico City, April 29.—The Daily Record of Friday says:

"Believing that another revolution is imminent in Guatemala, and that this revolution will be successful, the Guatemalan exiles in Mexico and Central America expect to organize in this city a provisional government for Guatemala.

"General Salvador Toledo, who is now in Central America, is said to be slated for provisional president, and a full corps of other governmental officials will be elected.

"The exiles are in communication with Central America and the movement is said to be one of unanimity and that it will result in General Toledo leading a revolution in Guatemala within a few months. General Toledo will probably be requested to come to Mexico to take active charge of the provisional government.

"The fact that all of the prominent leaders who oppose the Cabrera administration in Guatemala are exiles from the country, makes it possible to form a provisional government in another country. Men of brains in Guatemala who do not agree with President Cabrera have to leave the country, so that if a revolution occurs and the Cabrera government is overthrown, the new government will naturally be made up of men who are now in exile. With the organization of a provisional government measures can be taken, contracts and other arrangements male that would be impossible in a movement of a disorganized crowd of exiles scattered over the American continent."

Bold Attempt to Wreck Train.

Charlotte, N. C., April 29.—A bold attempt to wreck Southern railway mail train, No. 43, near Harrisburg, 11 miles from Charlotte, was frustrated Friday night by the presence of mind of the engineer, who brought the train to a standstill within a few yards of a pile of crossties laid across the track. The conductor saw three men running through the woods after the train had stopped, and fired at them, without effect. Bloodhounds were sent for, and a posse joined in the hunt for the train wreckers. At midnight two white men and a negro, suspected of the crime, were captured in the woods several miles from the scene of the attempted holdup. They refuse to talk, and their names are not known. They are being held pending an investigation.

Girl's Bravery Saves Home.

Sparta, Ga., April 29.—The recent fire in the city brought out a number of acts of bravery by the residents of the town, the most conspicuous of which was that of Miss May Oliver, daughter of Mr. and Mrs. T. C. Oliver. Mr. Oliver's house, a large two-story building, was near the scene of conflagration. While the fire was at its height, the shingle roof of the house caught fire in several places. Miss Oliver, being the only member of the family present at the time, promptly climbed out upon the roof and extinguished the fires that had already started. She remained, with burning embers from the conflagration falling about her, until the last danger to the house was over.

Sawyers May Be Lynched If Caught.

Dresden, Tenn., April 29.—Officers have left Dresden for Clinton, Ky., where William Sawyers, a prominent stockman, who shot and killed Mrs. Annie Strong last Tuesday, while intending to kill her sister, Miss Beulah, who had refused to marry him, is in hiding at the house of his aunt near that place. The feeling against Sawyers is at fever heat and summary punishment may be administered should he be caught.

Estill's Recovery Probable.

Savannah, Ga., April 29.—General satisfaction is expressed that Colonel J. H. Estill, who several days ago was desperately ill, continues to improve. Colonel Estill has been in the care of his physician at his Isle of Hope home for several weeks. Twice during the course of his complaint has his condition been critical, but his rally from the last attack has been such as to render his recovery quite probable.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.

NOTICE OF SEALED BIDS FOR WORK ON EAST LIBERTY STREET.

The Board of Public Works of the City of Gainesville will receive sealed bids up to Friday, the 3rd of May, 1907, at three o'clock p. m. of said day, for the construction of rock and cement wall, both sides of Sweetwater Branch, duplicate to work on Church street, across Sweetwater Branch, and building of the culvert 16 feet under sidewalk on north side of street, and extended to south side of culvert, 3 feet, the wall to commence at Dr. Robb's cross-fence continuing across Sweetwater Branch, running to nothing on grade on east side of branch. On the south side from the Tabernacle and terminating with grade on Runkle's property. This to include 16 feet from the walls out on the street.

A separate bid will also be received at the same time for the construction of the culvert across the entire street, and the filling in of the street at that point.

A LIVELY EXPERIENCE.

G. H. and Earl Kelley, With Others, Capture Big Alligator.

G. Hartwell and Earl Kelley, together with a half dozen employes of the big Kelly mill at Prairie Creek, had an experience Sunday night which they will not soon forget, but in which they came out the victors, having captured alive an immense alligator measuring ten feet.

Earl Kelley, who resides in this city, spent Sunday with relatives at Windsor. Sunday evening he was driving from Windsor to Prairie Creek, where he intended to spend the night. The night as dark, and when passing through a hammock the horse suddenly shied. At the same time Mr. Kelley heard a tremendous noise, the crackling of leaves under the weight and action of some reptile or animal, and got out to investigate, when he discovered his 'gatorship.

Driving rapidly to the mill, a quarter of a mile distant, he notified his brother, G. Hartwell Kelley, and with a half-dozen employes of the mill, returned to the spot to wage war upon the reptile who had dared to block the roadway. His 'gatorship had disappeared, however, and after a thorough search proved unsuccessful, it was decided to "burn the rascal out." Consequently fires were started, and it was not a great while before there was something doing in the capturing line, for matters got entirely too warm for the saurian, who made his presence known by a vigorous attempt to escape. He was surrounded, however, and soon a heavy chain had been placed about his body.

It required a half-dozen strong men to drag the reptile up the road to the mill, during which there was considerable agitation on the part of both the men and the 'gator.

The formation of the saurian's stomach leads to the belief that he had just feasted on a whole pig.

37 NATIONS ARE REPRESENTED.

Jamestown Has as Guests Envoys and Diplomats at Opening.

Norfolk, Va., April 29.—No occasion in the United States, except the inauguration of a president has attracted a larger representation of prominent Americans and distinguished foreigners than gathered here on the occasion of opening day of the Jamestown Ter-Centennial exposition.

A large proportion of official Washington is included in the special parties, which came down the Potomac as guests of either the federal government or the exposition management. In addition to the president, the list included the diplomatic agents of thirty-seven nations, several members of the president's cabinet, committees appointed by the national senate and house to specially represent congress, as well as many other members of these bodies, who joined the delegations after the parties were made up. Among these is Speaker Cannon.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.
